

**ICESCE
2017**

Haikou, China

October 27-29, 2017

Call for Papers

The 2017 3rd International Conference on Energy Science and Chemical Engineering (ICESCE 2017) will be held on October 27-29, 2017 in Haikou, China.

ICESCE 2017 is to bring together innovative academics and industrial experts in the field of energy science and chemical engineering to a common forum. The primary goal of the conference is to promote research and developmental activities in energy science and chemical engineering and another goal is to promote scientific information interchange between researchers, developers, engineers, students, and practitioners working all around the world. The conference will be held every year to make it an ideal platform for people to share views and experiences in energy science and chemical engineering and related areas .

This conference has been included as key conference by CNKI and ScienceNet which in the charge of Chinese Academy of Sciences!
